Powder Puff Soccer

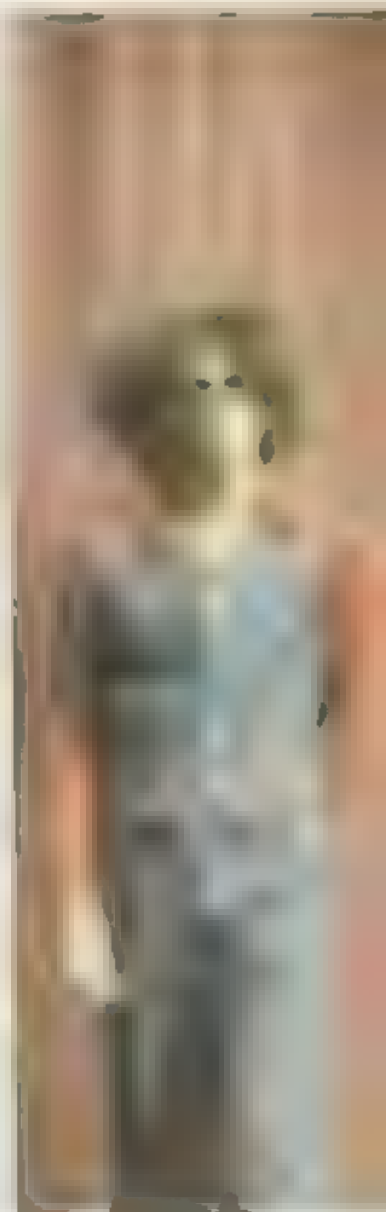

1. The first thing I noticed when I stepped onto the field was the cool breeze. It felt like a warm blanket. The grass was soft under my feet, and the air smelled like fresh mowed grass. I took a deep breath and felt a sense of calm. The sun was shining brightly, and the sky was a clear blue. I looked around and saw my teammates standing in a line, ready for the game. I felt a sense of pride and excitement. I was about to play Powder Puff Soccer.

Variety Show

The Variety Show, which was fashioned after the 1950s "Hollywood Palace" variety show, featured a variety of acts, including the King Kong. These people contributed to the introduction and from one act to the other. They also added some comic relief in between the performances. There were with a wide variety of modern dancers, mock commercials, bands, the color guard, and the drill team. The rock band "Ritual" was voted the best

Brotherhood Day

In an effort to encourage successful integration, the Theatre Arts class staged a special program that recognized the need to respect the rights of all people. An emphasis on individual feelings rather than group interests had a unifying

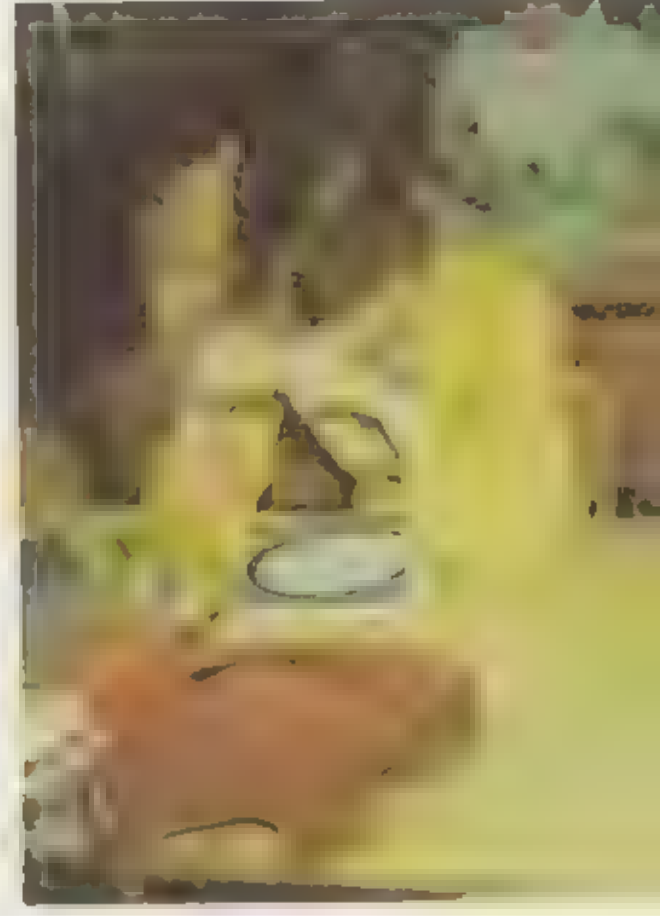

effect on both performers and audience. The success of this student production can be measured by the positive reactions that prompted a repeat performance for all classes that were not selected for the first showing.

Study Halls Can Be Fun

The regular study halls are very sparsely populated. There are other options where students go. Any student with a 2.2 grade point average and no U's is allowed to go to the Reservation. This alternative facility has pool tables, one pool table, one futsal table,

and there really is another place where students go. The room is supposed to be a study room, but is frequently used for other purposes.

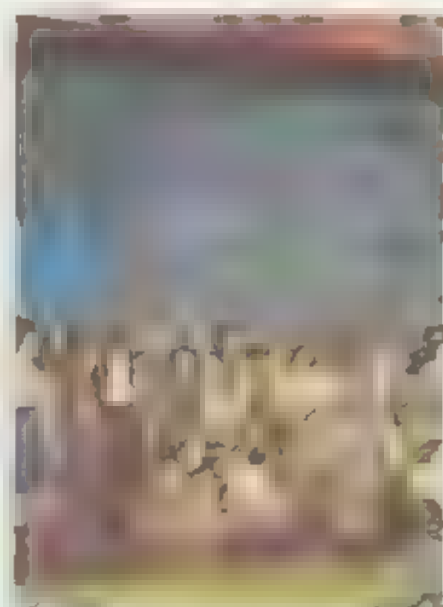

Free Wheelin' Student-Faculty Basketball Game

On January 21, Student Council sponsored Custer's 1st concert by presenting Freewheelin', a 5 piece group from Champaign, Illinois. The band performed a short history of rock and roll and then spent the day talking to interested Custer students. Although rock fans knew the doors would not open till 7:30, they began to line up as early as 6:30 for the 8 p.m. performance. The crowd, 800 strong, listened to Rit-

ual open the concert before Freewheelin' took over the stage. The rowdy audience enthusiastically followed the lead singer's band clapping and foot stomping encouragement. For audience and performers alike, the show was a mutual success; Custer gave Freewheelin' its first encore performance, and Freewheelin' brought Custer its first rock concert.

Annie Get Your Gun

To prepare for *Annie Get Your Gun*, cast members began learning lyrics, practicing steps, and rehearsing lines in mid-December. After 3 months of work, they had grown into a family of actors, singers, and dancers, ready to share their energy with a hopefully receptive audience. Along with Mr. Ganser, artistic director for the first time, the cast experienced both camaraderie and twinges of panic as opening

night drew near. Under the technical direction of Mrs. Werner, the stage crew created a set that was visually breathtaking, while Mr. Chadwick's pit band provided the all-important musical background. When the curtains went up on March 4 and 5, the audience was captured by the energy and magic of the performance.

Tomorrow: Saying Good-by,

Remembering Laughter, Reaching Out,

What Are Your Roots?

Sgt. William Alex Haley came to Custer on March 21 to talk to the students about his father's book *ROOTS*. There were two programs so that all the students could hear Sgt. Haley. Some of the students asked questions and Sgt. Haley responded with information and advice. The students then went back to home-room and tried to trace their roots.

Graduation

Everyone's memories of Graduation are similar, and yet each person has his very own impressions of the significant event: caps that are either too large or too small, billowy gowns, tassels that hang on the right side, walking across the stage at the Performing Arts Center, a feeling of relief, arrangements and confusion after the ceremony, wishes of congratulations and good luck, hugs and kisses, cameras flashing, a feeling of sadness, celebrating, partying at the lakefront.

The solemn occasion is preceded by Senior Week. During this time of organized activities and general rowdiness, a senior could receive awards at Honor Night, enjoy pancakes and sausage at the senior breakfast, get a little 'happy' at the Senior Banquet, get a refreshing swim in Freiss Lake (with the assistance of friends who didn't even wait till you could get your shoes off), and participate in Prank Day. Yes - Prank Day. In the true spirit of mischievousness, seniors risked life,

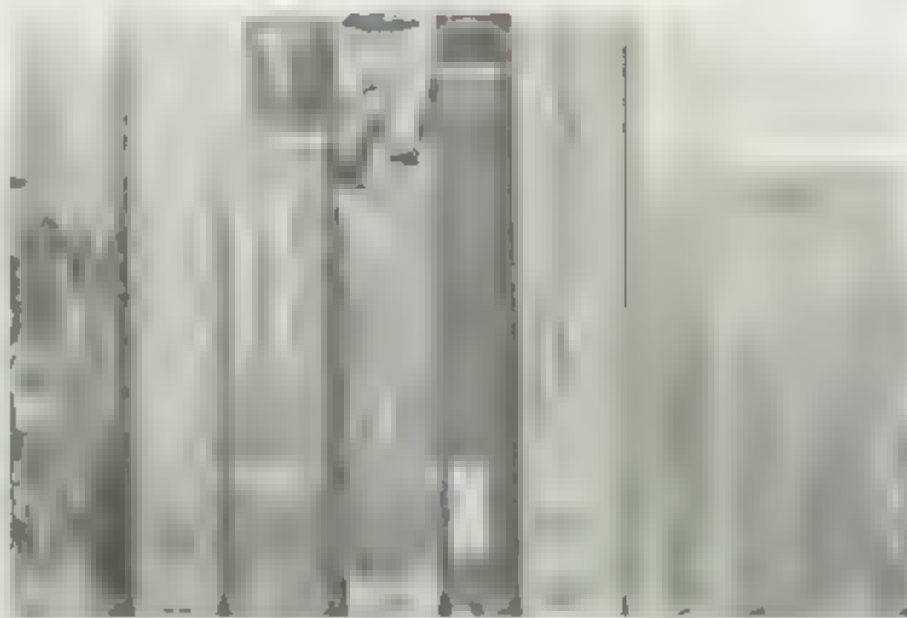

limb, and olfactory lobes to toilet paper the front of the building, block the teacher's parking lot in three different ways, paint over locker numbers on two floors, and distribute bushel baskets of Bradford Beach alewives. That was only the beginning. During the day, bubble bath foamed in the toilets, students picketed teachers, and squirt guns hit many a target before they could be confiscated. Although such endeavors went unappreciated, this year's senior pranks may long be unequalled.

Guidance

Alex Atlas
Lynn Butenhoff

The Guidance Department, that mass of utter confusion and horrendous paperwork, is in high gear the entire year. Programming errors, teacher conflicts, dropped classes and scheduling mistakes that demand immediate attention cause hundreds of students to pile in to see the grade level counselors - all within the first week of school. As October rolls around, and nearly everyone's program is finally set, a new wave of college-bound seniors descends upon the Guidance Department requesting information on every aspect of college life, but especially on the umbilical cord of higher education - financial aid. The unending hassling of Guidance Department personnel, however, is not an art limited to college bound seniors alone. All students manage to keep our counselors busy with aptitude tests, interest surveys, and vocational counseling, among other services, until May creeps up when programming and Graduation have the counselors climbing the walls once more.

English

The English Department's main objective is to help students to read, to write, and to speak more effectively. This is accomplished by offering the students a diversified curriculum with at least one course that appeals to each personality. These courses range from basic grammar, composition, and literature classes to more creative classes in writing, drama, and communications. The clear expression of original ideas is the ultimate goal of this well-trained department.

Social Studies

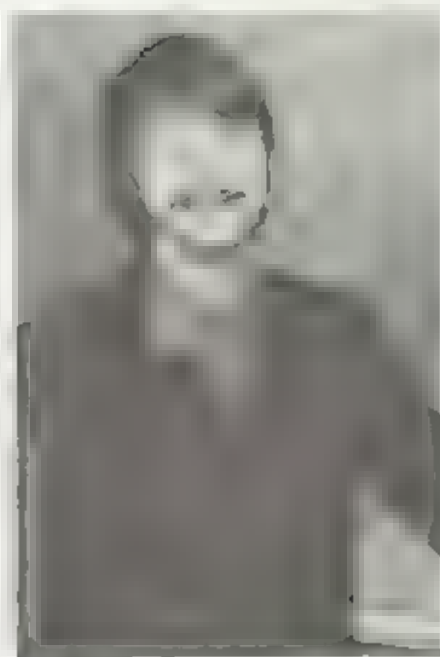

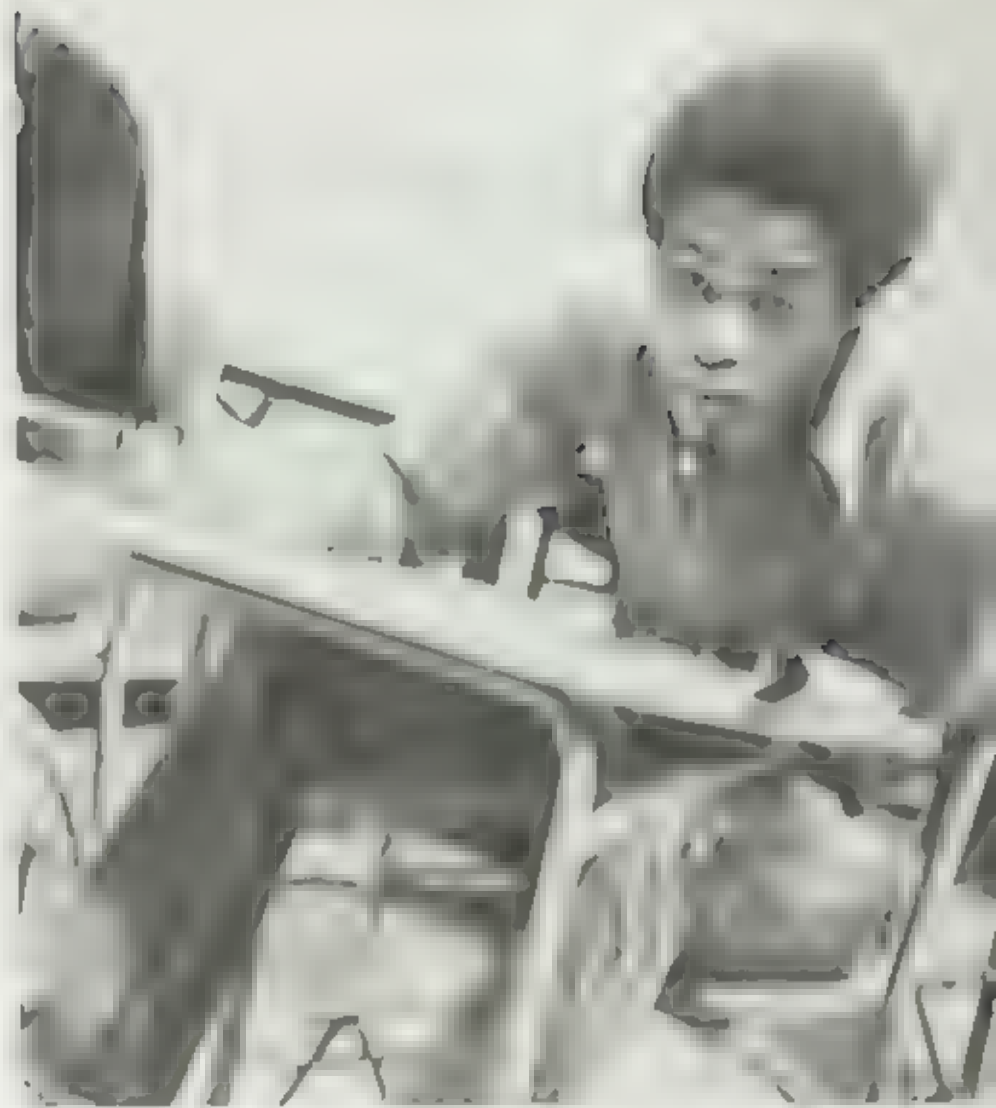

The Social Studies Department has more to offer than just History and Geography. The department offers courses such as Economics, Sociology, Minorities, and Urban Studies. Department Chairperson Siesen says "We offer a good curriculum if the students take advantage of it." The department feels that their curriculum prepares the students for life by teaching them to function in a democratic system and to get along with others.

Mathematics

Algebra, Geometry, Advanced Math 1, 2 and 3, Computer Math, and Business Math are all offered in this department. Learning the value of x , geometrical proofs and how the computer operates are a few of the basic things you learn in these courses. Talented math students compete with students from other schools in Math Track Meets.

We have a variety of courses students may take if they are interested in the field of science. Biology is usually taken by sophomores. They learn about the human body, plants, animals and one-celled animals. If a student is intrigued by Biology, he may also take the course Advanced Biology. In chemistry students experiment with different chemical combinations. Physics, a mixture of math and science, deals with matter and energy and interactions in the fields of mechanics, sound, optics, heat, electricity, magnetism, radiation, atomic structure, and nuclear phenomena. You can also find out about your environmental surroundings in Environmental Issues. Water and air pollution, extinction, sound in decibels, and foods people eat and grow because of their surroundings are all discussed in this course.

Physical Education

This year with the Physical Education program we have had a lot of fun. From swim, basketball, football, and volleyball, the males and females were side by side enjoying every minute of it. The chairperson, Mr. [Name], has been a great help in making this program what it is today. The Physical Education program is a movable class with a lot of fun to be had with it.

Special Education

The essence of the Music Department is Custer's school spirit. Combining the efforts and talents of the school band, orchestra, gospel choir and A Capella choir, the Music Department has a unique, enthusiastic vitality which underscores the atmosphere of growth and development at Custer.

Relevance and usefulness are the two key words to describe the Special Education Department. The curriculum is designed around the students' needs and provides them with the information they need to become active, responsible citizens. These students learn how to prepare a budget, how to determine the best buy at a store, and how to apply for a job. The program stresses those skills which prepare a person for independence.

Business Education

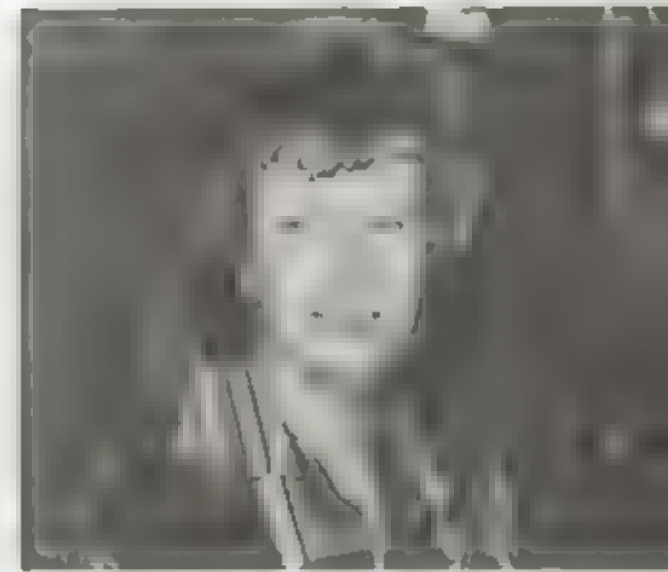

The Business Department is one of the largest and most active departments in school. Practically the whole top floor of Custer is equipped with commercial devices such as typewriters, calculators, IBM selectrics and duplicating machines. In programs such as Office Ed. and Dist. Ed., students work at jobs for half a day and earn money as well as credits. The experience gained in these courses prepares students for the business world.

Industrial Education

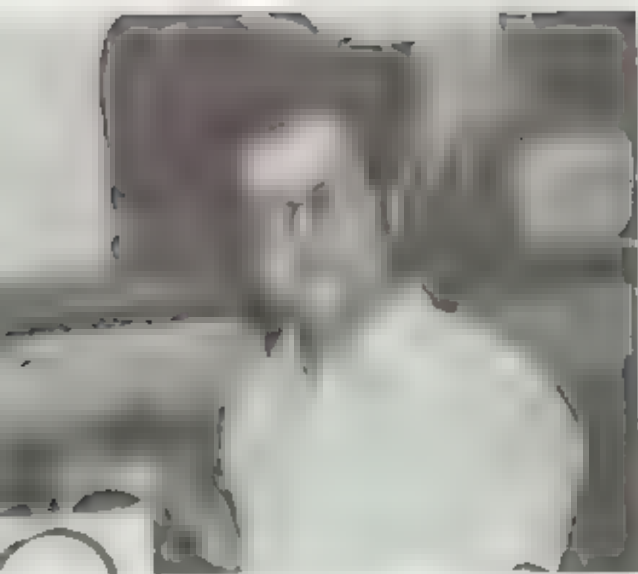

Because of its reputation in the Industrial Education field, Custer was chosen to be the Applied Technology Specialty School. Applied Technology includes courses in Airconditioning, Refrigeration, and Plastics Technology. This past year two new shop rooms have been built in Rooms 21 and 22 and are ready to accommodate the Juniors and Seniors taking the new courses. Along with the present wood, metal, power, electric, and graphic arts courses, the Applied Technology classes will create a very well rounded Technical Education Department here at Custer.

Foreign Language

German, Spanish, French and Latin can be taken throughout all three years at Custer. Learning the grammar, composition and the basics of a language is very interesting, but the students also learn about the people and their customs in the countries where these languages are spoken. Many of the classes take trips during the school year to places such as restaurants and museums as part of their learning experiences. Department chairperson, Mr. Grift, has done a great job of making the Foreign Language Department one that is educational and enjoyable.

Driver Education

Driver Education is a serious class taken by students who are sixteen or are soon to be sixteen. There are three sections to Drivers Ed.: simulation, classroom and behind the wheel. These sections can be taken in different order, just as long as the student learns the fundamentals of courteous and safe driving. The department chairman, Mr. Bahr, has a good program for those students who will be future drivers.

Home Economics

The Home Economics Department offers a variety of courses designed to teach the students how to create a satisfying life. The curriculum contains general courses on foods and nutrition, and clothing, as well as courses that cover money management, family relations, home furnishing, and child development.

Library

The library is not just a room full of books. Films, records, and periodicals are also available. The librarians, Mr. Senn and Miss Syriopoulos, while trying to maintain peace and quiet, also help students track down information necessary for book reports and research papers.

Boys Cross Country

Custer's Cross Country team got off to a slow start in the '76' season. The team finally came through and managed to win the Northside Championship for the 2nd consecutive year and took 2nd in the Tech Invitational. Captains Karl Melnick and Dave Adams, the team's MVP's, led Custer to a 5th in the City. Top runners for Custer were Karl Melnick, Dave Adams, John Medved and Al Jansen. The team's main problem was inconsistency, as the scoreboard shows.

VARSIITY: Front Row: Karl Melnick, Dave Adams, Al Jansen, Jeff Adams; Back Row: Coach Krueger, Barbara Melnick, Mgr., Tom Meier, Steve Brutok; John Medved, Todd McFarridge, Cheryl Hass, Mgr.

Boys Soccer

The Custer Soccer team this past year had a very successful season. They compiled a won-loss-tie record of 10-2-2. The losses came from the championship game and from Tech. Custer was led by Capt. Alan Augustin, Alex Voriss and Capt. Chuck Engert.

Leading scorers for the team were Claude Colonko and Bryon Hackworth (8 and 9 goals, respectively). Custer had four players chosen for the All-City Gold Division Soccer team. Alan Augustin, fullback; John Yenor, goalie (2nd year selected); Alex Voriss, halfback; and Bryon Hackworth, forward were selected. John Yenor was this years MVP.

Girls Cross Country

1976 was the first year of Custer's girls Cross Country team. Of all the first year teams in the city, Custer had the best. As the season progressed, the girl's times improved. The coach, Mr. George, was pleased because the team placed well in the City, and an impressive 5th place in the Sectional meet. Mary Ellen DeLaune and the team's Most Valuable runner, Lisa Omelina finished in the top 10. Mr. George looks to next year, because most of the young team will be returning to run the 2 mile course.

Wrestling

The 1976-77 season was marked by a strong finish. The team won the last five meets in a row. The captains were Steve Butler and Paul DeLakis. Paul was ranked 5th in the State by CROSSFACE magazine. At the Pardeville Tourney, Tom Lupo and Kevin Whitehead both won their weight divisions. Steve Butler won his weight division at the Neenah Tourney. Phil Feilen, an outstanding wrestler, went as far as Sectionals. Kevin Whitehead won the team's Most Valuable award. Coach Borzykowski said the team was well-balanced. Next year, the team should do well. Returning lettermen are Kevin Whitehead, Tom Lupo, Wilbur Hopgood, Rick James, Bill Pace and Mark Harmon along with sophomore champions Mark Wallace, George Solberg and 2nd place finisher, Fred Griffin.

3rd in City Championship

This was a rebuilding year with only five returning seniors. Coach Dressler was very pleased with how the team ended up. They finished, for the second year in a row, undefeated in city conference dual competition. Leading swimmers on the team were Matt Groholski, second in city in the 50 and 100 yd. freestyle; Alan Augustin, second in 100 yd. breaststroke; and Jim Raitmaier who took third in the 100 yd. backstroke. Alan Augustin and Matt Groholski were voted this years most valuable. Coach Dressler is looking forward to another successful year.

Girls Basketball

This years team was the first basketball team to qualify for State in the history of Custer. Even though finishing third in the City Conference, the team came on strong at the end, when it counted. The strong defense which finished first in the City Conference was an asset to the teams decisive victories in the Regional and Sectional games. Allison Schwanda and Shauneille Harrell led the teams tough defense with Shauneille also leading all scorers on offense. Shauneille was also chosen to the All City Team for the second year in a row, and was this years MVP. Key rebounders during the season were Bernell Hooker, Betty Jiles and Anita Green. Next year will be a rebuilding year, with Bernell Hooker being the only returning starter.

Gymnastics

This year, the gymnastics team had a very impressive season. They had a record of 4 wins and 3 losses. On the optional level, the girls combined their efforts to a fifth place in City and seventh in Regionals. Carie Wolff advanced to Sectionals on balance beam and Jaci Tolson also advanced to Sectionals on vault. For next year, Jaci and Carie have the determination to compete at the State meet. At the beginner level city meet, freshman Bonnie Brooks was first place in All-around. Carie Wolff was this year's MVP. Anne Steinacker was the captain and Holly Wilson was the co-captain.

Boy's Track

State Champions

The Boy's Track Team had an outstanding season. The team took just about every track title there was. A Madison newspaper unofficially named Custer the State Indoor Champs. The team holds the Madison West Relays title, a 60 team meet, and the State Outdoor Championship. The team won the title in a joint effort. Mike Schlegel placed second and third in the 100 yard dash and the 220. Henry Wilson placed second in the high jump, and the mile relay team placed sixth. All the men on the team are champions, and Coach Potter is very proud of them. Because of the teachers' strike, the annual Custer Invitational was not held, but it will probably be back next year.

Golf

For the 1977 Golf team, it was a rebuilding year. The considerably shortened season had a great effect on the team's performance. The team was led by only three returning lettermen: Dan Birch, Jeff Fromstein, and Jim Weber. Coach Vancos has very hopeful sophomores coming back next year.

Boy's Tennis

The Tennis team, with only two returning lettermen, Claude Cielonko and Jerry Hall, got off to a slow start. The team won all matches except their first against Riverside and their loss against Madison. Custer finished third in City by defeating Tech 3-2 in the Cross-over. In the City Tournament, sophomore Mike Arndt, playing first singles, placed fourth in City. At second singles, Jerry Hall also finished fourth. At third singles, sophomore Brian Williams played a tough match but was defeated to be knocked out of the tournament. At first Doubles Claude Cielonko and Mike Metrusias, who were undefeated the whole season, finished a disappointing fourth. And at second Doubles, Ken Chmielewski and Scott Alford lost their match and were knocked out of the Tournament.

Girl's Track

The Girl's Track Team had tri-captains this year: Kim Davis, Shauneille Harrell and Ramona Land. Due to the strike and a lack of togetherness the team didn't come up to its expectations. It started when we had a surprise attack from Hamilton at the City Indoor Meet and lost. Coach Ferguson felt we were not good enough to compete in the State Indoor Meet so she pulled us out. When the City Outdoor Meet came we won by more than 40 points. Ramona Land won the 100 and 220 yard hurdles, Shauneille Harrell won the 100 yard dash, long jump and anchored the 440 relay. Kim Davis ran in the 880 and mile relay which both broke records, and Lisa Omelina won her favorite the 880 yard dash. The girls came back and won Regionals and Sectionals, and placed sixth in the State Meet. The team will be rebuilding next year with returning stars Jaci Tolson, Jackie Herd and Patty Clark.

Girl's Soccer

This was the second year the girls at Custer have had an opportunity to play soccer. For some of the girls this is a brand new sport. They caught on quickly and have had a lot of fun playing soccer. Custer's soccer team played as a probationary team in the Wisconsin Women's Soccer League and hopes to gain full membership for next season. Mr. Lucht is the advisor for the team. Lee Cielonko is the dedicated coach of these girls, who led them to a record of 4 wins, 4 losses, and 3 ties.

Softball

The Girl's Softball Team finished their season with a 1-2 record. Even though this was their first year of competition, the girls did a terrific job. The team was made up of 22 girls, and the 10 starters had nothing to worry about knowing that they had a strong back-up group. Spirit was one of our strongest points, for when we were behind in points we cheered our team on.

Student Publications

Custer is fortunate to have three student-oriented publications. The most enduring is this book - the Warrior. Under the encouraging direction of Mrs. Niggemeier, staff members have attempted to capture impressions of today and to preserve the good times that happened just yesterday. In between rough draft sheets and finished pages, the staff learned the fine arts of procrastination and birthday party celebrations, the frustration of meeting deadlines, and the satisfaction of designing a book that reflects Custer in 1977.

The Custer Chronicle is the school's student newspaper. The main reason for its existence is to acquaint new students

with the school's many activities, to inform the student body of club and sports activities, and to give the student council and administration a forum for their respective policies. The Chronicle accomplishes these goals extremely well, thanks to a talented staff of editors and advisors. The Arrow, known to its members as the D.S.C.S. is Custer's literary magazine. The magazine's purpose is to provide a creative outlet for the aspiring writers and artists at Custer. Members read and edit submissions and then enjoy expressing their original, and sometimes irrelevant, ideas on the graffiti board.

Theatre Arts

Students interested in the behind-the-scenes work of stage productions can serve the school as members of the Stage Crew or Make-Up Club. Members of the Make-Up Club learn the basic principles of Stage Make-Up by applying make-up for the cast of the spring musical and other stage productions. The Stage Crew provides lighting for auditorium programs and the annual water ballet show, as well as building sets for all of Custer's stage productions.

Student photographers, printers, and artists contribute to Custer's publications and publicity. The printing students print the school newspaper and literary magazine, as well as programs for shows presented at Custer. Student photographers take and develop many pictures used in the Warrior and the Chronicle. Music

Custer's Music Department is composed of dedicated student musicians and singers. The Music Department appears at many school functions, such as football games, the school play, and the Winter and Spring Music Festivals. Also members of the Band and Orchestra compete in various competitions, all of which are designed to further their musical experience. Through hard work and determination, both in

the music classes and during practice hours, students can develop their individual talents and express themselves through the beauty of music. But the most profound effect that music has at Custer is the spirit it generates in the students at ball games, programs, music festivals and plays. Custer owes much to its outstanding music department for without it Custer would be far less interesting and dynamic.

Academic Enrichment

Several clubs at Custer focus on academic subjects. The Science Club, Computer Club, and History Club give motivated students an opportunity to pursue their interests in an informal setting. Debate and Forensics attract students who are eager to develop or refine their speaking skills. Participation increases competition throughout Southeastern Wisconsin, and as a result of effective coaching, Custer students consistently qualify for State Championship Competitions. Math-oriented students have a chance to compete in city-wide math meets as members of the math track club and society. These students have an opportunity to study foreign policy as members of the Model U.N. This year, Custer students participated in a large-scale two-day at the University of Wisconsin - Milwaukee. The students explored a well-earned third place at the state level. As members of any of these clubs will testify, field trips, travel opportunities, and the advantages to such learning experiences and the awards are just fringe benefits.

SCIENCE CLUB: B. Murray, D. Mills, C. Schmidt, K. Peterson, T. Larson, Mrs. Collins.

Custer's foreign language clubs provide an extension to the regular foreign language classes. Trips to Europe and ethnic restaurants in Milwaukee offer French and German students many cultural opportunities which are not included in the classroom curriculum. Members of the Latin Club and the Wisconsin Junior Classical League compete internationally for prizes, as well as attending national conventions each summer.

Left: Mark Tiedt enthusiastically awaits the results of the national election at the National Junior Classical League in Rochester, New York.

WISCONSIN JUNIOR CLASSICAL LEAGUE: Front: T. Fantelli, R. Thompson, R. James, B. Melnick, J. Gauthier, C. Beck, K. Powell; Back: R. Gauthier, S. Pasholk, J. Petri, L. Phillips, W. Herder, A. Rhodes, A. Meyer, E. Jones, Mr. Gritt.

Volunteers at Custer have many choices. Many of the students selected as members of the National Honor Society participated in their annual Winter Service Project, by entertaining patients at Children's Hospital. Students involved in Custer High Service (F.T.A.) sponsored a school-wide spelling bee in addition to their regular activities. CHS Homeroom Monitors also take attendance for absent teachers. The Human Relations Club strives to develop programs and activities that will encourage understanding relationships between different ethnic and racial groups. This year, the club sponsored a sophomore "Get Involved" campaign to make new students aware of Custer's many activities. There are numerous other groups without whose service the school could not function smoothly.

Behind the precision performances of the Drill Team and Color Guard are hours of practice spent in developing the skills and techniques that will enable them to perform at the highest level. The Drill Team and Color Guard are the pride of the school, and their performances are a highlight of every homecoming and pep assembly. They are the ones who bring the spirit of the school to life, and their dedication and hard work are a testament to the values of discipline and teamwork. They are the ones who show the world that the school is a place where excellence is not just a word, but a way of life. They are the ones who inspire the students to be their best, and their performances are a source of pride for the entire school community. Seeing Hearing Tasting Smelling Touching

1977 — A Handful Of Memories

Our todays are similar to those of our predecessors. Like them, we experienced the same traditions and the same emotions of growing up. Because of this, today held a sense of security. Yet, we differ from our predecessors in that the tomorrow we're reaching for holds challenges and opportunities that never before existed. And even though we try to live for the moment, sneaking a glimpse at tomorrow cannot be resisted. Yesterdays begin to pile up and it is then that we realize that to reach out, you have to let go.
